Jimmy,

The USCG concurs with attached RRF language. We look forward to receiving a MA from FEMA. Pls let me know if I can answer any questions.

V/r,

Mike Sams

4. FEMA Project Manager <b>Jeremy Schaefer</b>	5. 24-Hour Phone No. <b>940-232-6160</b>	6. Fax No.	

7. Statement of Work:

As directed by and in coordination with FEMA, US Coast Guard (USCG) will provide oil and hazardous material field response in support of response operations. Field response activities may include but not limited to the following: placement of vessels removed of pollutants to predetermined staging area; providing specialized expertise, conducting damage assessment of oil/hazmat waste impact via air and/or water; contractor oversight; evaluating hazards; and/or response, removal, or disposal of: actual and potential oil discharges, and releases of hazardous materials, pollutants, and contaminants, and remove pollutants from vessels in or upon navigable waters and adjoining shoreline. USCG will deploy resources for the State of Texas. USCG is responsible for providing personnel, equipment and logistical support as necessary to accomplish the mission.

All purchases and expenditures must be coordinated with FEMA. Prior approval, from the Federal Approving Official (FAO), is necessary to ensure reimbursement. Agencies will be reimbursed for all eligible expenses pursuant to 44 CFR 206.8, "Reimbursement of Other Federal Agencies."

Mission Assignment Task Orders (MATOs) may be issued for specific personnel, requirements, locations, dates, and duration of assignments. The mission-assigned agency is responsible for ensuring that all activity is properly authorized, goods are received, services are provided, and that costs are reasonable and supported by documentation maintained by the respective agencies. This MA is in effect for 30-days (August 23, 2017 to September 21, 2017) and may be amended accordingly.

8. Estimated Completed Date: **09/21/2017**

9. Estimated Cost: **\$20,000,000.00**
